250,000 IRISHMEN FIGHT TO SAVE BRITISH EMPIRE

John Redmond Declares They and English Are "United in a Common Cause."

MANCHESTER, England, March 14.—John E. Redmond, leader of the Irish nationalist party, in a speech to 5,000 persons here yesterday pointed out that he had often addressed meetings of Irishmen in Manchester, but never before an assemblage of Irishmen and Englishmen "firmly united in a common purpose."

proper place in the British empire, with which she had as much to do in building up as England," Mr. Redmond continued. She had already taken her proper place with her perfect and absolute good faith and loyalty.

Canal Paintings Are Placed. PANAMA, March 6.—The five large paintings depicting scenes along the canal during the construction period, for which the Panama canal government paid \$25,000, have just been placed in the rotunda of the new administration building on the side of Ancon hill at Balboa Heights. The work was done by a number of experts under the direct supervision of the artist, William E. Van Ingen of New York.

An indictment returned by the federal grand jury in New York against Hugo Grobe, recently released from the federal penitentiary at Atlanta, charges that while a prisoner there he was engaged in perfecting a scheme for smuggling opium from Germany concealed in rifle cartridges and potatoes.

MONEY ORDER SYSTEM IS MAINSTAY OF MANY

War in Europe Reveals Extent to Which United States Service Is Used for Aid.

The huge extent to which the foreign money order business of the United States postal service is used was shown with startling clearness during the first months of the war in Europe. A host of people in foreign countries depend upon the money order system to bring them the means to keep body and soul together, and when they could not receive their accustomed money orders from relatives in the United States they were, in many cases, faced with starvation.

According to a statement given out by the Post Office Department, the conditions are now fast returning to the normal. Under ordinary conditions, money orders amounting to more than \$100,000,000 are issued annually in the United States for payment in foreign countries. Of this amount Italy receives approximately \$25,000,000; Great Britain and Russia, each, \$15,000,000; Austria, \$10,000,000; Hungary, \$8,000,000; while Germany gets only about \$4,000,000, and France but a little over \$1,000,000.

In return, Europe sends to this country a little more than \$10,000,000 in postal money orders.

Boon to Citizens Abroad. The service proved a boon to American citizens who were abroad when the war broke out. In thousands of cases funds could not have been forwarded to them in any other manner.

Austria, Belgium, Egypt and Portugal have notified the United States of the suspension of money order business with this country. These suspensions are still in effect and many letters have reached the department indicating very forcibly the extent to which many unfortunate in foreign lands depend for their very existence on the remittances made in this manner.

Before the inauguration of the postal savings system in the United States, large sums were sent annually to postal savings banks abroad, but the constant and growing popularity of our postal institution has materially reduced the amounts so sent.

The shark holds the record for long-distance swimming. A shark has been known to cover 800 miles in three days.

JAPAN TO BE STRICTER WITH GERMAN SUBJECTS

Abuse of Privileges Causes Nipponese Cabinet to Take Action.

TOKIO, Japan, Monday, February 15.—Stricter treatment and surveillance of German and Austrian subjects residing in Japan has been decided upon by the Japanese cabinet.

Announcement is made that although since the outbreak of the war with Germany, Germans and Austrians have been given every freedom of residence, travel and occupation, recently various complaints have been made that there is some abuse of these opportunities, even to the extent of endangering the peace and order of Japan.

The cabinet therefore decided that in case violations of the regulations occur in the future the offending foreigners will be expelled from the country. It has been further decided that subjects of these countries who wish to enter Japan shall be permitted to do so only after securing a permit from the Japanese authorities.

Official Statement. An official statement outlining these points concludes as follows: "There have been reports to the foreign office in many cases of inhuman treatment of the Japanese in Germany, as if they were considered prisoners. They even have been compelled to work like ordinary prisoners. There are still some Japanese left in Germany whose whereabouts are not known as yet, and there is no means of learning what is happening to them.

"The decision arrived at by the cabinet has not been made in a spirit of revenge. But while conditions in Germany are such it is too much to allow Germans and Austrians here to live in such a way as to disturb the peace and order of the country."

There are 122 Germans and 29 Austrians in Tokio.

ADDRESS BY MRS. SCOTT.

Plea for Proposed Auxiliary to Local Army Branch, Y. M. C. A.

An address by Mrs. H. L. Scott relative to the proposed organization of a women's auxiliary to the local army branch Y. M. C. A. and an appeal for the support of the Army Relief Society was the principal feature of a meeting of the latter organization in the auditorium of the New Willard Hotel this morning.

The proposed auxiliary, according to Mrs. Scott, would meet situations which other similar organizations do not handle. Its principal purpose would be to render assistance to the wives and children of living enlisted men who are deprived of their husbands and fathers temporarily from time to time.

Reports from the treasurer and the chairman of the various sections were heard.

Mrs. Mary Graham of New Valley, Md., died at her home, near Liberty Grove, aged ninety years. She was the oldest resident of that section, and died in the house which she entered as a bride twenty years ago.

FAVORS RESTRICTION OF ARMIES AND NAVIES

American League, Formed to Limit Armaments, Proposes World-Wide Movement.

NEW YORK, March 15.—Inauguration of a movement to bring about a world-wide restriction of armies and navies by international agreement after the European war is ended was announced today by the American League to Limit Armaments. The movement is being organized through conferences and correspondence with leaders of public thought in several foreign countries, it was stated.

"We are undertaking to solidify the movement and co-ordinate the efforts along this line while the war is still in progress in order to make the strongest possible presentation of the issue at the earliest opportunity," says the league's announcement.

Object of the Movement. "We are not proposing methods to bring peace to Europe until Europe is ready to stop fighting of its own accord," says the announcement. "We stand by what we hold to be the main proposition—that the reduction of all armaments to the least proportions consistent with the demands of normal tranquility and the use of the money now going into destructive engines of war for the constructive purposes of the world is the true solution of the peace problem."

Here is how we do it: We do it by what we hold to be the main proposition—that the reduction of all armaments to the least proportions consistent with the demands of normal tranquility and the use of the money now going into destructive engines of war for the constructive purposes of the world is the true solution of the peace problem."

SUBWAY FIRE CAUSES NEW YORK HOTEL SCARE

Workman Cuts Insulation, Causing Blaze Among Wires and Tying Up Street Traffic.

NEW YORK, March 15.—Fire early today in the new subway under construction on 7th avenue between 42d and 43d streets killed the streets with smoke, tied up traffic on a portion of the old Broadway subway and some of the adjacent surface lines and drove hundreds of guests from the hotels clustering about Times Square.

The fire was discovered at 3:10 a.m., and two hours elapsed before it was brought under control and service was resumed on the various transportation lines. The fire was attributed to a short circuit said to have been caused by a workman who drove his drill into a large power cable at the corner of 43d street and 7th avenue.

Sets Insulation on Fire. A network of power, lighting and telephone wires underlies the streets in this part of the city and during the insulation on these cables sent up a cloud of dense smoke. At the same time the wooden planking used in the construction of the new subway burned briskly. The firemen took the timbers over the subway cut and attacked the smoldering wires with sand.

The police reserves were called out to quiet panic-stricken guests who rushed from the hotels.

CAPT. RYAN IS UPHELD IN COURT CRITICISM

The War Department is standing squarely behind Capt. T. F. Ryan, United States recruiting officer at Indianapolis, who was recently cited for contempt of court for his criticism of a local judge, who attempted to set him free to decline to pay any fine.

The captain has been instructed by the department to appear before the court and disclaim any intention of contempt. But he is to state that he acted on behalf of the federal government with a view of bringing before the public a proper conception of the attitude of the government in the matter and to represent that the action of the court is calculated to injure the army and prevent the enlistment of good men.

The Department of Justice will assign to the nearest district attorney the defense of Capt. Ryan, and the officer is instructed to decline to pay any fine with the understanding that if committed for contempt he will be promptly taken out under a writ of habeas corpus.

HOFFMAN. On Sunday, March 14, 1915, at his residence, 304 Pleasant St., Mrs. HENRY A. Hoffman, beloved wife of Harry Hoffman, died at 10:30 a.m. Burial at 2:30 p.m. at Mount Olivet cemetery. Relatives and friends invited to attend. Interment at Adonai cemetery.
